

Specifications

Point Array Loudspeakers_T Series

T 7

Information

The T7 is a dedicated mid high cabinet to be used with the T28B. The perfect tonal matching between sub and mid high ensures punchy yet crystal clear results for anything, from dance floor to live rock and roll gigs. It's ideal configuration of two mid highs and three subs creating the perfect stack height, lifting the hf units way above head height.

The long life span and versatility of the T-series make it an ideal addition to any rental company stock. It's robust design manufactured from the highest quality birch ply ensures the T7 will give a positive return on your investment whilst retaining its value.

Key Features

- Dedicated high SPL 2-way Loudspeaker
- Suitable for wide variety of applications
